

SAINT (HHS/FDA)
Dear President Clinton:

I am very concerned that I am eating and feeding to children Genetically Altered Foods, without ⁷⁴⁰₃⁹⁹ ~~any~~^{IN} ~~of~~^{IS} ~~following~~⁵⁰ which foods I can choose to avoid this.

I insist that legislation to be passed into law that will require genetically engineered foods to be labeled as such, regardless of whether the food is in its whole form or as an ingredient in processed foods.

Foods that are genetically altered are under the category "artificial" according to the FDA's own guidelines, but it is not enforced by your administration at this time.

Also, please require testing of all genetically engineered foods. We are talking about the food supply!

Thank you for your support.
